The student resource book guides you on university rules and regulations and will help you navigate your journey here at the NMIMS. During your stay at NMIMS, we would like to ensure clarity and transparency in our communication. The Student Resource Book (SRB) has been divided into three parts. Part I comprises University information and rules and regulations that you would need to know. Part II has school-specific details for your effective and smooth interaction with the school, and Part III has annexures. Also listed are facilities provided by the institution.

Please spend some time and go through this information carefully so that you do not miss any opportunity that NMIMS may have to offer you. The SRB contains a Student Undertaking page at the end of the document, which you are required to sign and submit to your course coordinator by the suggested date.

We would also like your support to maintain and enhance the University's image and uphold its values. We value your feedback.

Dr. Ramesh Bhat

The Faculty has the flexibility to formulate and implement an evaluation system with weightage specified in course outline. While approving the courses, the HOD/Area-in-charge and the Dean/Director/ Associate Dean will ensure that the evaluation components and weightage

points assigned to each component are fair. Such evaluation components should be announced to students before the commencement of course delivery.

#### 14 Feedback Mechanism:

NMIMS has a well-established online feedback mechanism through the Student Portal for communication of perceptions. The components of this feedback mechanism are:

- 14.1 Feedback at the end of the third week of every trimester/Semester. Dean / Director /Programme Chairperson/HOD will meet students personally, if applicable.
- 14.2 Online Feedback through the Students Portal is taken using a questionnaire, preferably in the last session of every course in each trimester/Semester. This feedback is compiled, and statistics are placed before each faculty member by the end of the trimester/Semester.
  - 14.2.1 All students should get involved in this mechanism seriously, as it truly helps the NMIMS improve the quality of services and teaching provided.
  - 14.2.2 These are open-ended questions in which students can reflect on learning and teaching aspects of the course.
  - 14.2.3 NMIMS uses feedback to improve the teaching-learning process proactively.
  - 14.2.4 While sharing the feedback to the faculty members, the student's identity is kept confidential.

#### 15 Mentoring Programme / 'Psychologist and a Counsellor':

##### 15.1 Mentoring Programme:

Students (as applicable school-wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding the selection of courses, and help identify resources needed by all students. Do meet your faculty mentor regularly, as per their convenience and availability.

##### 15.2 Psychologist and a Counsellor:

A Psychologist is a non-judgmental, qualified professional who understands, ensures privacy and confidentiality and guides you by giving choices so that you make the right decision. This process is facilitated using realistic, structured, and research-based therapy.

Managing emotions is vital to ensure all-rounded progress in life. We need to break down the old walls of myths and misconceptions to learn something new. Visiting a counsellor (Psychologist) enables us to relearn more helpful, progressive, reality-based thinking.

**Personal counselling** is essential at every step in life, even at the corporate level. What we think about situations affects our subconscious mind and interferes with our present-day life.

As human beings, at any given time in life, we could go through challenges and have no one to share with or guide us. We often do not share our issues with family or friends due to the fear of upsetting them. We worry that perhaps they may not understand or could become judgmental. At such times, we recommend Personal Counselling.

- i. "I cannot concentrate or focus nor can I sleep, at times, I get so scared that I go blank in my exams!"
- ii. "Since the time he left me, I cannot put my attention to anything, I will not be able to live anymore.....can't bear it if she is not in my life!"
- iii. "I have lost my confidence, I feel worthless /hopeless; no one loves me. I don't want to live anymore."
- iv. "I feel nobody understands what I am going through..." (People become judgmental instead of understanding and supporting) "I feel people invalidate my feelings."
- v. "I do not know whom to share my feelings with. Where do I seek help? Who will be able to help me?"

Have you had any of these repetitive thoughts or faced a rejection that you cannot cope with?

Have you reacted very angrily at first and then later realised that reacting to the event was not needed, and in the process, you harmed the relations you had with your friends and family? Do you not know what went wrong then? Do you not understand what triggered you?

Just as we would treat a sprain with some ointment, we try to heal our emotional pain independently. When the sprain is not healing, we visit the doctor, and similarly, one sees the psychologist sometimes when we are unable to clear our emotional challenges on our own. The counsellor needs to check how deep your wound is, and usually, you are helped through therapeutic counseling.

We may be unaware of our behaviour's implications on others, but it eventually could affect our relations in daily life at home, in class, or at work. When past emotional situations are not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings that we need to be aware of. They could again lead to complications and affect our performance, decision making, logical thinking, studies, relationships, and career. This continued stress can gradually affect our body and physiological health, causing hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, skin conditions, and ulcers. Understanding the mind-body connection is essential.

The biggest myth is that being emotional is to be weak, so often, we push all our emotional issues under the carpet and then take up unhealthy habits like smoking, drinking, and substance abuse to escape from our reality. We hope to feel better, which lasts only for a short time. On the other hand, creating long-term damage may lead to unhealthy dependency.

NMIMS wants to ensure the holistic development of the students. We understand that to perform at your highest potential in your academic journey, your emotions and mental health need to be well-regulated and balanced. Therefore, have appointed a team of psychologists who you can connect with via call or email and set up a session to discuss any concerns that may be affecting you.

## 21. Safety Guide for Students on Floods, Fire and Earthquakes

NMIMS gives utmost importance to safety of its students. It prepares students for natural hazards.

The safety measures for some natural disasters, such as 1) Floods, 2) Earthquakes and 3) Fire, are highlighted briefly.

### 21.1 Floods: Precautions to be taken in case of Floods are given in Table 1 below.

Before Floods	During Floods	After Floods
<ul style="list-style-type: none"> <li>Identify and visit elevated areas in and around the Institute as places of refuge during a flood</li> <li>Be aware of drainage channels and other low-lying areas known to flood suddenly. Consult and involve local authorities in the institutes</li> <li>Check for the monsoon alerts for the heavy rains declared by the Municipal Corporation</li> <li>Do not travel long distances on dates indicated as 'Monsoon Alerts'. Contact the Institute if there is any pre-planned activity or examination, or any other important work on that day, and try to adjust it on some other day</li> <li>Keep locally available equipment such as ropes, batteries, radio, plastic bottles, and cans handy during the rainy season. This can help you to plan your rescue</li> <li>Prepare a food kit including emergency food items such as biscuits, snacks, drinking water, and so on</li> </ul>	<ul style="list-style-type: none"> <li>Evacuate to previously identified elevated areas</li> <li>Your life is most precious. ## **Message from Director**

Excellence is doing something extraordinarily well. We at NMIMS, strive to do the same-striving to bring excellence in the field of education.

Our vision at NMIMS, Hyderabad has been and continues to be, to provide the nation with good quality students who are industry ready and socially sensitive.

Narsee Monjee Institute of Management Studies, Hyderabad has been imbibing these human values across its various stakeholders through creation and spreading of knowledge in the field of management. Established in 2010, it is in the most happening city of Hyderabad. The city, which is known as the Education hub and the second largest city of IT exports of India, provides us a unique opportunity to understand the technical nuances of the organizations. Institute remains deeply rooted to its commitment on building a legacy of influencing quality of life in this region. Hyderabad campus started academic activities at Jadcherla Campus from AY 2018-19. It is a 90-acre sprawling campus with fully residential world-class facilities, a CBSE school & sports complex in 26 acres will be unique feature of the campus. The first institute in Hyderabad to promote comprehensive learning environment will have tag line “KG-to-Doctorate” in one campus.

As Innovation is essential to achieve progress in the modern world, we enjoy the flexibility to quickly respond to rapidly changing global socio-economic conditions and efficiently adapt the best practices of leading business schools, as we go beyond the regular academic curricula with emphasis on practice. In NMIMS, we are doing things uniquely, continuously improving & reinventing Engineering program, bringing it closer to industry expectations. Department and Open Electives have been made a choice based basket system; some electives are truly integrated in nature among various areas, thus, providing more choices to students to go for their interests. Students have more opportunities from action learning programs driven by outcome-based education, projects, case-study method, value added workshops, live projects and certification programs etc. Value added workshops from varied areas help students to develop the technical attitude, critical thinking, analytics, communication, management and leadership skills.

Students have been organizing events like Tech Fest, Webathons, Hackathons, Coding competitions, Model UN and regular guest lectures by experts, etc. Various students’ clubs and committees have been contributing towards helping orphan schools out of the earnings generated by them through a unique social cause. ‘Community Service Project’ (known as CSP) has been regarded very highly by social sector organizations around the campus and outside as well.

Our proactive faculty have been participating in national & international conferences, workshops, training programmes, FDPs on a regular basis. They are encouraging and mentoring our students to do the same.

Let us work together to create an excellent institution at Jadcherla campus.

## 2. Placement Guidelines

The MPSTME was established to create an innovative space for technology education and management practices aligned with industry and societal needs. The goal is to offer a comprehensive platform for engineers to integrate their knowledge into creating technology that addresses the changing needs of today's world.

The MPSTME placements team guides students for landing a role aligned with their aspirations and taking their first steps in the corporate world.

Placement assistance is offered to students of various programs across all campuses. The Placement Office facilitates the process of placements – internship and recruitment by creating an interface between recruiters and students. Efforts are made to market the programs with their merits with an endeavour to get companies to offer internships/recruit students. The selection process specified by the company is followed. The PlaceCom - Placement Committee of students is actively involved in the placement activities – contacting/visiting companies located in metros and major cities for placement presentations and coordinate various activities during the placement processes.

The Placement Office devises placement guidelines that are in the larger interest of the school and students, in consultation with students and faculty. Students are expected to maintain decorum and abide by the guidelines during placement processes. In the event of non-conformance to the placement guidelines, the school reserves the right to initiate corrective action.

The Placement process typically involves –

- Batch Preparation
- Pre Placement Talks
- Internships/Projects
- Final Placements

### 2.1 Batch Preparation

The Comprehensive Batch Preparation Program is to enhance the suitability of candidates and orient them to industry practices and expectations.

- a. Alumni and industry expert sessions provide valuable insights for students, helping them understand their roles in the industry, company expectations, future career prospects, interview techniques, and firsthand experiences in various roles.
- b. Assigning faculty mentors to guide students.
- c. Interaction with seniors who have undergone internships and are working full time to gain insights of the corporate world.
- d. Mock interviews with alumni/corporates to get direct feedback from people in relevant industries.
- e. Guest talks and workshops on various topics from corporates.
- f. Resume building as per guidelines and vetting by faculty mentors.
- g. Training modules covering Aptitude, Technical and Employability Skills.

- 2.1.1 The placement team advises students to take part in placement prep training modules to boost their likelihood of being chosen for campus selection
- 2.1.2 Prior to the commencement of the selection process, it is expected that students should be having a fair idea about their interest, sector and specialization or at least have some long-term vision of where they want to be and should direct their efforts accordingly. A bit of clarity will help students land a good internship/job.
- 2.1.3 Hence students should do thorough research about the company, the business, the sector, other players in the sector, the technologies, the services or products, the financials etc. and be prepared with a background and fact file prior to the process. Also, some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the roles offered, the experience of seniors who interned / worked with the company etc. will be of help.
- 2.1.4 The Placement Office also involves companies in several Campus Engagement activities – contests, projects, workshops, seminars, guest talks etc. that would benefit a larger number of students and help in promoting the excellent quality of the batch.
- 2.1.5 Based on the guidelines, students will have to prepare their resume that would encapsulate information about academics, projects, certifications, technical skills, internship, co-curricular activities, extracurricular activities, awards, achievements, hobbies etc.
- 2.1.6 **Pre-Placement Talk – PPT**-PPTs are used by company officials to share information and answer students' questions. This helps them assess the student pool confidently. Students are encouraged to participate and ask relevant questions. student pool confidently. Students are encouraged to participate and ask relevant questions.

## 2.2 Internships/Projects

- 2.2.1 The Placement Office makes all efforts to reach out for internships across varied sectors, companies and profiles. Based on ones' interests and capabilities one should seek internships. Choosing the correct company for internships and performing up to the mark is of utmost importance.
- 2.2.2 The Internships are not only a window to the corporate world but also a relationship-building tool. It allows the companies to have a look at the talent, thereby strengthening Final Placements.
- 2.2.3 Internships are an integral part of the curriculum for securing the degree. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the classroom. This experience is of immense use to students to enable them to acclimatize themselves to the intricacies of the corporate world.
- 2.2.4 The project is expected to build on the theoretical learning with practical experience and help students to identify the gaps in their learning, which they can attempt to fill in.
- 2.2.5 Interactions during the internships both with other interns as well as employees help students to understand the expectations/needs of the organisation, the sector in general, to identify the gaps in their learning and in orienting oneself towards the sector and developing the required skill sets to emerge as the most suitable candidate.
- 2.2.6 Internships also hold a special significance as it is an apt mechanism for companies to spot bright talent early. Many companies have structured internship process which is used as a 'testing ground' to gain a direct understanding of the skill and ability of students leading to declaration of PPOs/PPIs. We encourage candidates to work towards such offers that are based on internship performance.
- 2.2.7 Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies of their choice and should put in all efforts to convert the internship into an Offer. Thus, the seriousness of this cannot be overstated.
- 2.2.8 Internship duration for B Tech, and MCA – entire semester (during last semester of the year). MBA Tech Program has 2 internships, Technical Internship post 6 Semester -8 weeks and Management Internship post 8th Semester – 16 weeks. Internship Placement Guidelines will be shared by the Placement Cell prior to the Placement season. Students should go through the Guidelines thoroughly and adhere to the same. While feedback from the company is sought, the internship is also evaluated by the school that could involve faculty guide monitoring the performance; periodic report submissions, evaluations, Viva Voce etc.

## 2.3 Final Placements

- 2.3.1 Leading companies across sectors aspire to recruit students of MPSTME. Each company has its own set of characteristics or qualities that they look for in a candidate. Hence, the company devises the eligibility criteria and selection process accordingly.
- 2.3.2 The process of selection starts with inviting applications based on the eligibility, profile, job description, compensation details shared by the company. The student applications are then sent to companies for further shortlisting. Students are required to check their emails/Placement Portal/Student Portal, etc. regularly for information updates.
- 2.3.3 Every effort will be made to facilitate the placement process. However, it is the effort of the student that gets him/her selected for the job.
- 2.3.4 Companies could have one or multiple rounds for selection – case analysis, group discussion, group exercises, aptitude test, technical test, coding test, psychometric assessment, interviews etc. Reasons like location, family issues etc. should not be constraints to students. They are expected to be mobile and have the capability to adjust and adapt and respond to emergent situations successfully.
- 2.3.5 Students who do not wish to participate in the placement process are expected to formally notify the Placement Office vide the 'Opted Out Form' mentioning the reason, which could be higher studies, entrepreneurship, family business, preparation for public services exam, seeking placements on their own giving with the names of such companies and details. The reason being, to iron out any hitches that may crop up later as the Placement Office approaches many companies and would like to continue the cordial relationship with them.

The Placement Department will share guidelines for resumes, presentations, internships, job offers, and final placements with the batch. The school reserves the right to modify the guidelines. Students must follow the internship and placement guidelines provided by the department before the process begins.

**Examination weightages and credits:**

A student will undergo Internal Continuous Assessment (ICA) for each course/subject in all the semesters. Various components of such continuous assessment would be as decided by the respective course/subject teacher/ faculty and approved by the Dean /Director of the school/campus concerned.

Break up for evaluation of each course will be as under:

Component	Marks
ICA Components: Mid Term / Unit Test / Project/ Assignment / Presentation/ Weekly Tests / Case Study/ Quizzes / any other (by School)	50
SEE – Term /Trimester / semester-end examination (by University)	100 (scaled down to 50 marks)
<b>Total</b>	<b>100</b>

4.1 **PASSING STANDARDS FOR EACH COURSE (SUBJECT):**

**Semester-end-exam Passing Criteria for each Course:**

To pass in a particular course, in any of the Term /Trimester / Semester End examination or re- examination, a student must fulfil all of the following criteria:

- Secure a minimum of 40% marks in the Term /Trimester / Semester end examination of that course and
- Secure a minimum of 40% aggregate marks out of the total marks (that is, internal continuous assessment plus assessment of the Term /Trimester / Semester end examination) allotted to the course.
- For a course which has only internal continuous assessment component, passing will be at 40%.

**Students who fail to fulfil above passing criteria would be awarded ‘F’ grade.**

4.2 **Non – fulfillment of Passing Criteria:**

A student, who has failed to fulfil the passing criteria as given above in 4.1, will be required to appear for term / trimester / semester-end re-examination, which will be conducted immediately after declaration of results of the said regular term / trimester / semester-end examination. **The internal continuous assessment marks for such courses will be carried forward for the term / trimester / semester-end re-examination.**

To be eligible to appear for term / trimester / semester-end re-examination, a student has to submit online re-examination application available on student’s SAP portal as per notification. **A student who does not fill in online re-examination form will be denied permission to appear at the re-examination.**

It is the responsibility of such students to keep him/ her informed about such examination dates (timetable) published on student’s portal. In case of re-admission, the earlier results will stand null & void and student cannot claim the credits of the course/s passed earlier. Students will have to appear as fresh candidates for both Internal Continuous Assessment & Term End Examinations.

Only one re-examination will be conducted for each course immediately after declaration of results of final examination and there will not be any further re-examination for whatsoever reason (in an admission Academic Year).

**Remedial classes would be organized by the school for all the students who fail to fulfil the passing criteria, before the conduct of the re-examination. However, these remedial classes will be on demand from students and if a student registers for remedial classes, he / she is expected to maintain 100% attendance. If any student feels that he / she can manage without remedial classes, students can study on their own and appear for the re-examination, later on, such students cannot complain that their doubts were not cleared by faculty.**

**There is no provision of re-examination under this category. The student will have to take re-admission in the same semester in the subsequent academic year of the programme.**

## 6 Grading System:

The University follows a letter grading system leading to the award of a Ten-Point Grade Point Average (GPA) for each term and Cumulative Grade Point Average (CGPA) for all the terms until date.

'Letter grades' and corresponding 'grade points' are as under:

Percentage of Marks		Grade	Points	Performance
90	100	O	10	Outstanding
80	89.99	A+	9	Excellent
70	79.99	A	8	Very Good
60	69.99	B+	7	Good
55	59.99	B	6	Above Average
50	54.99	C	5	Average
40	49.99	P	4	Pass
0	39.99	F	0	Fail
0	0	AB	0	Absent

### 6.1 Calculation of GPA (Grade Point Average):

Grade point Average for a term will be computed by dividing the sum of product of grade point of each course/subjects and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects for the related term.

$$GPA = \frac{\sum CG}{\sum C}$$

### 6.1 Calculation of CGPA (Cumulative Grade Point Average):

Cumulative Grade Point Average up to and including a term will be computed by dividing the sum of product of grade point of each course/subject and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects up to and including the related term till date.

$$CGPA = \frac{\sum CG}{\sum C}$$

Here:

C = Credit value assigned to a course /subject

G = Grade point value assigned to a student for course / subject corresponding to the letter grade (refer table given)

GPA = Grade point Average shall be calculated for individual term and referred to as Semester/ Trimester Grade Point Average.

If a student has failed to fulfil passing standard under any head in any subject (i.e. 'Semester/ trimester End Examination' and/ or 'aggregate'), he/ she shall be deemed to have failed in that subject.

## 7 General Examination Rules

- 7.1 A student who remains absent from trimester / semester examination/s due to any reason in any Course shall be marked as 'AB' in the result/ grade sheet/ transcript for the Course/s in which he/ she has remained absent. All such students will be allowed to appear at re-examination in the said Course. It aims to expose the students to the entire product development life cycle starting from literature review, feasibility study, analysis, design, development and validation so as to enhance the technical skill sets in the chosen field. The course also provides an opportunity to the students for the development of their academic skills and logical thinking, oral communication skills, teamwork and planning. The continuous assessment of the project work will be carried out based on the weekly performance, discussions and reporting to faculty and industry mentor. The final evaluation will be carried out by industry/academic experts at the end of the semester

### **8.4 B Tech / MBA Tech Summer Training**

The students can undergo an optional training (self-organized, 4-6 weeks) during the summer vacation (May and June) after the completion of 2<sup>nd</sup> year (after semester IV examinations).

## 9 Course policy / Tutorial policy

- The course policy / tutorial policy document for a particular course/subject provides detailed information about the teaching plan, pedagogy, reference material and evaluation criteria.
- At the beginning of every semester, the faculty members will share the course policy / tutorial policy for every course/subject.

## 10 Teaching assistantships

- A limited number of technical assistantships from time to time may be available for all students of M. Tech.
