4.4 It is the sole responsibility of the student to bring to notice any discrepancy in internal marks as soon as it is shared with them. Any changes in submitted ICA marks (after the respective teacher submitted the Dean/Director through HOD / Area chairperson) needs to have special permission and approval from the Dean/Director of the School/Campus.

The Faculty has the flexibility to formulate and implement an evaluation system with weightage specified in course outline. While approving the courses, the HOD/Area-in-charge and the Dean/Director/ Associate Dean will ensure that the evaluation components and weightage points assigned to each component are fair. Such evaluation components should be announced to students before the commencement of course delivery.
- 4.9 For grading purpose, the weightage mentioned by the faculty in the course outline will be applied for each component of evaluation irrespective of the marks assigned to the said component for the examination.

14 Feedback Mechanism:

NMIMS has a well-established online feedback mechanism through Student Portal for communication of perceptions. The components of this feedback mechanism are:

- 14.1 Feedback at the end of the third week of every trimester/Semester. Dean / Director /Programme Chairperson/HOD will meet students personally, if applicable.
- 14.2 Online Feedback through the Students Portal is taken using a questionnaire preferably in the last session of every course in each trimester/Semester. This feedback is compiled and statistics are placed before each faculty member by the end of the trimester/Semester.
 - 14.2.1 All students should get involved in this mechanism seriously as it truly helps the NMIMS improve the quality of services and teaching provided.
 - 14.2.2 These are open-ended questions in which students can reflect learning and teaching aspects of the course.
 - 14.2.3 NMIMS uses feedback to improve the teaching-learning process proactively.
 - 14.2.4 While sharing the feedback to the faculty members, the student's identity is kept confidential.

15 Mentoring Programme / 'Psychologist and a Counsellor':

15.1 Mentoring Programme:

Students (as applicable school wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding the selection of courses, and help identify resources needed by all students. Do meet your faculty mentor regularly as per their convenience and availability.

15.2 Psychologist and a Counsellor:

A Psychologist is a non-judgmental, trained professional who understands, ensures privacy and confidentiality and guides you by giving choices so that you make the right decision. This process is facilitated using realistic, structured, and research-based therapy.

Managing emotions is vital to ensure all-rounded progress in life. We need to break the old walls of myths and misconceptions to learn something new. Visiting a counsellor (Psychologist) enables us to relearn more helpful, progressive, reality-based thinking.

Personal counselling is essential at every step in life, even at the corporate level. What we think about situations affects our subconscious mind and interferes with our present-day life.

As normal human beings at any given time in life, we could go through challenges and have no one to share with or guide us. We often do not share our issues with family or friends due to the fear of upsetting them. We worry that perhaps they may not understand or could become judgmental. At such times, we recommend Personal Counselling.

- i. "I cannot concentrate or focus nor can I sleep, at times, I get so scared that I go blank in my exams!"
- ii. "Since the time he left me, I cannot put my attention to anything I will not be able to live anymore.....can't bear it if she is not in my life!"
- iii. "I have lost my confidence I feel worthless /hopeless; no one loves me. I don't want to live anymore"
- iv. "I feel nobody understands what I am going through..." (People become judgemental instead of understanding and supporting) "I feel people invalidate my feelings."
- v. "I do not know whom to share my feelings with. Where do I seek help? Who will be able to help me?"

Have you had any of these repetitive thoughts or faced a rejection that you cannot cope with?

Have you reacted very angrily at first and then later realised that reacting to the event was not needed and in the process, you harmed the relations you had with your friends and family? Do you not know what went wrong then? Do you not understand what triggered you?

Just as we would treat a sprain with some ointment, we try to heal our emotional pain independently. When the sprain is not healing, we visit the doctor, and similarly, one sees the psychologist sometimes when we are unable to clear our emotional challenges on our own. The counsellor needs to check how deep your wound is, and usually, you are helped through therapeutic counseling.

We may be unaware of our behaviour's implications on others, but it eventually could affect our relations in daily life at home, in class, or at work. When past emotional situations are not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings that we need to be aware of. They could again lead to complications and affect our performance, decision making, logical thinking, studies, relationships and career. This continued stress can gradually affect our body and physiological health causing hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, skin conditions and ulcers. Understanding the mind body connect is very essential.

The biggest myth is that being emotional is to be weak, so often, we push all our emotional issues under the carpet and then take up unhealthy habits like smoking, drinking, and substance abuse to escape from our reality. We hope to feel better, which lasts only for a short term. On the other hand, creating long term damage may lead to unhealthy dependency.

NMIMS wants to ensure the holistic development of the students. We understand, that to perform at your highest potential in your academic journey, your emotions and mental health need to be well regulated and balanced. Therefore, have appointed a team of psychologists who you connect with via call or email and set up a session to discuss any concern that may be affecting you. 21. Safety Guide for Students on Floods, Fire and Earthquakes

NMIMS gives utmost importance to safety of its students. It prepares students for natural hazards.

The safety measures for some natural disasters such as 1) Floods, 2) Earthquakes and 3) Fire are highlighted briefly.

21.1 Floods: Precautions to be taken in case of Floods are given in Table 1 below.

Before Floods	During Floods	After Floods
<ul style="list-style-type: none"> Identify and visit elevated areas in and around the Institute as places of refuge during a flood Be aware of drainage channels, and other low-lying areas known to flood suddenly. Consult and involve local authorities in the institutes Check out for the monsoon alerts for the heavy rains declared by the Municipal Corporation Do not travel long distances on dates indicated as 'Monsoon Alerts'. Contact the Institute if there is any pre-planned activity or examination or any other important work on that day and try to adjust it on some other day Keep locally available equipment such as ropes, batteries, radio, plastic bottles and cans handy during the rainy season. This can help you to plan your rescue Prepare a food kit including emergency food items such as biscuits, snacks, drinking water and so on 	<ul style="list-style-type: none"> Evacuate to previously identified elevated areas Your life is most precious Avoid saving valuables at that moment. Disconnect electrical appliances. Turn off utilities at the main switches or valves if instructed to do so Don't touch electrical equipment if you are wet or standing in water Do not walk through moving water. Six inches of moving water can make you fall If you have to walk in water, walk where the water is not moving Use a stick to check the firmness of the ground in front of you Avoid floodwaters; water may be contaminated by oil, gasoline, or raw sewage Water may also be electrically charged from underground or downed power lines Listen to the radio for advanced information and advice. Don't spread rumors Move vehicles to the highest ground nearby Do not enter floodwaters by foot if you can avoid it Never wander around a flooded area Drink clean water 	<ul style="list-style-type: none"> Stay away from downed power lines, and report them to Security Officer Leave the Institute / home only when authorities indicate it is safe Stay out of any building if it is surrounded by floodwaters Use extreme caution when entering buildings; there may be hidden damage, particularly on foundations Floors in the building will be slippery due to water and mud. Walk carefully on the slippery floor. Wear appropriate footwear. Do not use slippers during the rainy season Watch out for loose flooring, holes and dislodged nails Clean and disinfect everything that got wet Discard any food items which may have got wet Inform them about the damaged drainage and sewage systems in and around the building to the authorities as soon as possible. These can be a major health hazard First protect yourself and then help others.

21.2 Earthquake: Precautions to be taken in case of earthquakes are displayed in Table 2 below:

Before Earthquake	During Earthquake	After Earthquake
<ul style="list-style-type: none"> In hostel or at home keep heavy objects on lower shelves so they will not fall on you during an earthquake. Make sure your water heater and gas cylinder is secured and intact. This will ensure that it will not fall during an earthquake and hurt someone or start a fire. Keep a torch and a mobile handy. Keep the corridors in the hostel/house clear of furniture and other things, making movement easier. 	<p>If you are at home or inside a building</p> <ul style="list-style-type: none"> Do not rush to the doors or exits; never use the lifts; keep well away from windows, mirrors, chimneys and furniture. Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table or even under a bed. <p>If you are on the street</p> <ul style="list-style-type: none"> Walk towards an open place in a calm and composed manner. Do not run and do not wander round the streets. Keep away from buildings, especially old, tall or detached buildings, electricity wires, slopes and walls, which are liable to collapse. 	<p>If you are at home or inside a building</p> <ul style="list-style-type: none"> Expect aftershocks. Be prepared. Stay where you are and do not come out immediately. Keep calm and obey any instructions you hear after you come out Turn off the water, gas and electricity Do not smoke and do not light matches or use a cigarette lighter. Do not turn on switches. There may be gas leaks or short circuits. If there is a fire, try to put it out. If you cannot, call the fire brigade. Immediately clean up any inflammable products that may have spilled (alcohol, paint etc.). Avoid places where there are loose electric wires and do not touch any metal object in contact with them. Do not drink water from open containers without having examined it and filtered it through a sieve, a filter or an ordinary clean cloth. Eat something. You will feel better and more capable of helping others. If the building is badly damaged, you will have to leave it. Collect water containers, food, and ordinary and

Provide them with first aid. Do not move seriously injured people unless they are in danger. <p>If you are outside</p> <ul style="list-style-type: none"> If you know that people have been buried, tell the rescue teams. Do not rush and do not worsen the situation of injured persons or your own situation. Do not re-enter badly damaged buildings and do not go near damaged structures. Do not walk around the streets to see what has happened. Keep clear of the streets to enable rescue vehicles to pass. Keep away from beaches and low banks of rivers. Huge waves may sweep in. Keep updating yourself with the latest information on earthquakes through radio or T. V.

21.3 Fire: Precautions to be taken in case of fire are given in Table 3 below:

Before Fire	During Fire	After Fire
<ul style="list-style-type: none"> Identify the fire hazards and where fires might start, e.g. laboratories, storerooms, kitchens and other such places. Identify all the exit routes of the Institute. Check the adequacy of the firefighting apparatus and its maintenance. 	<ul style="list-style-type: none"> Do not panic. Shout for help. Do not run. Do not waste time collecting valuables. Inform the fire brigade about the fire and alert neighbors. If possible, use a fire extinguisher. Do not take shelter in the toilet. Shut all the doors behind you while leaving the room to prevent fire from spreading everywhere. Do not use the lift to escape. Use the nearest means of escape and the staircase available. Exit ground level instead of the terrace. Report about your safe escape and any other information to the University authorities, fire brigade or police present at the site. <p>If trapped or stranded:</p> <ul style="list-style-type: none"> Stay close to the floor level. Cover the gaps of the door with any piece of cloth available. Do not jump out of the building. Signal or shout for help. Stop, drop and roll on the ground and cover with a blanket; pour water on the body <i>Dial 101 or 22620 5301 for fire brigade</i> Give the fire officer a detailed address, the nature of the incident and the telephone number from which you are calling. Preferably, use a landline. Keep down the receiver and wait at the same spot. Control Room will call back to verify the call. Wait for the Fire Brigade to arrive and co-operate with the firefighters. 	<ul style="list-style-type: none"> Don't re-enter or permit anyone to enter the building, unless the fire officials have permitted to enter.

21.4 In case of any injury caused or loss of life to the negligence of the student and/or due to natural calamities the institution shall not be held liable in any form of compensation and/or responsibility whatsoever.

As the healthcare business expands, it calls for aspirants with diverse capabilities who can drive this growth forward. Digitalization, artificial intelligence, and machine learning have become fundamental components of the pharmaceutical industry's processes. In addition to learning traditional drug delivery principles, future chemists must leverage evolving technologies to develop innovative solutions. To stay up with emerging trends while retaining traditional knowledge, skills, and values, a holistic and multidisciplinary approach is required.

At our University, we are committed to prepare our students to become future leaders. We foster critical thinking, problem-solving, reasoning, design thinking, and innovation to address the changing needs of society. The Pharmacy & Technology Management division of SVKM'S NMIMS, under the auspices of SVKM'S NMIMS, has always emphasized technical knowledge, managerial skills, and most importantly, an 'out of the box' thinking attitude in our students. Through integrated programs such as **B.Pharm+MBA**, we equip students with insights into the intricacies of the pharmaceutical industry. 1.5 Value Added Compulsory Workshops/ Activities

1.5.1 Soft Skills

Need: Studies on Pharma Graduates worldwide have shown that they are very strong in concepts and technical knowledge but are very weak in soft skills. Industry consistently pointed out the same and based on industry feedback soft skill module has been developed.

Methodology: Soft skills training will be conducted in the form of lectures for all the first-year students (UG & PG). The lectures will be a mix of role plays, activities, games, interactions, video recording, replaying the video for feedback, out bound programs and micro growth labs. This will be handled by experienced faculty of Soft Skills.

1.5.2 Industry / Hospital Visits

Students visit various Pharma companies to get a perspective/ glimpse of the actual work situation, to understand how theory is put into practice, observe how operations are done thus gaining firsthand knowledge of the operative systems thereby bridging the gap between theory and practice which will be a value add to them.

1.5.3 Guest Lectures

Speakers from Multinational Pharma industry / faculty of National repute /our alumni are invited to deliver guest lectures to the students. It is mandatory for each student to attend these lectures.

1.5.4 Value Added Compulsory Workshops/ Activities are integral part of curriculum.

It is mandatory for all the students to attend all Value Added Compulsory Workshops/ activities. This will be in addition to the student performance in Credit courses.

Note: Students have to compulsorily attend all the value added activities (co-curricular/extracurricular) conducted by school. The attendance for these activities will be considered like any other credit course. Attendance rule will be applicable to these activities as well (Refer point no. 3.2. Part I).

2. Placement Guidelines (wherever applicable):

NMIMS is a premier University of the country and the B-school is in existence for over four decades. Over the years it has earned recognition from industry & professional associations, corporates, peer group institutions and accreditation agencies. The University has a strong industry connect and a preferred choice for the corporate sector for talent. Companies view NMIMS as a great place to recruit potential young managers and business leaders. Placement Support is offered to various programs across Campuses and Schools. Leading companies across sectors consider our students for recruitments/internships. Our esteemed alumni occupy senior positions in leading companies across sectors have always supported us in placements.

The Placement Office is an interface between NMIMS & the Industry for facilitating internships & recruitments opportunities for students. Efforts are made to market the programs with their merits.

Placement officials actively network with the corporate sector with an endeavor to get companies to open suitable job & internship profiles for the batch. They reach out to companies across sectors and locations for appropriate opportunities for students, showcasing brand NMIMS, the quality and diversity of the batch, provide timely customized services, continuous communication and offer support that would facilitate their participation in placements

Placement officials mentor & guide the Students Placement Committee who are actively involved in the activities, connecting with companies, meeting company officials for presentations, operational aspects and in coordinating various activities during the placement processes.

The placement guidelines are devised in the larger interest of the School and the batch, in consultation with students and faculty. Each of the Schools share with the batch, guidelines related to Resume, PPT, Internships, PPO's/PPI's, Final Placements etc. The School reserves the right to change, modify the guidelines in the best interest of the batch. Students are expected to abide by the guidelines during placement processes. In the event of non-conformance of the placement guidelines, the School reserves the right to initiate corrective action.

Generally, students of the post-graduate programs are keen to participate in placements. However, many from the under-graduate programs opt out or do not register for placements as they have alternative career plans. This approach acknowledges the diverse goals and aspirations of students and features the institution's commitment to supporting individual choices that align with personal interests and career aspirations. These paths include pursuing further higher studies, preparing for entrance exams of professional programs, preparing for civil services, defence forces, government offices etc., engaging in family business ventures, entrepreneurial endeavors etc.

Industry-Institute Connect

To optimize industry connect, effective interventions from the companies are sought so that students get to know of the opportunities available in the market, help to enhance their skill sets & then direct their efforts to seek profiles of their choice. Companies are encouraged to involve with the batch for campus engagement activities thereby deepening the association and leading to a symbiotic relationship between NMIMS and the Industry. Guest talks, competitions, seminars, workshops, soft skills training, technical training etc. are a great value add. These involvements bridge the gap between expectations of recruiters and knowledge & skill sets of students.

The Placement process typically involves

- Batch Preparation
- Pre Placement Talks
- Internships/Projects
- Final Placements

2.1 Batch Preparation

Batch Preparation Program is to enhance the suitability of candidates and orient them to industry practices and expectations.

- a) Interactive sessions with alumni/industry experts in various profiles that help students to gain clarity on role/fit, understanding expectations of the company, future prospects - career evolution, right approach for cracking interviews, listen to first-hand experience & get a feel of life in a particular profile etc.
 - b) Interaction with seniors who have undergone internships in companies.
 - c) Assigning seniors or alumni as mentors to guide students.
 - d) Mock interviews with alumni/corporates to get direct feedback from people in relevant industries.
 - e) Guest talks and workshops on various topics from corporates.
 - f) Resume building as per guidelines
 - g) Technical, Soft skills training etc.
- 2.1.1** Prior to the commencement of the selection process it is expected that students have a fair idea about their interest, sector and specialization and direct their efforts accordingly. This clarity will help students land a good internship/job.
- 2.1.2** Students are expected to research about company, the business, the sector, financials, other players in the sector, etc. and be prepared with a background and fact file prior to the process. Also some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the experience of seniors who interned with the company etc. will be of help.
- 2.1.3** The Placement Office also involves companies in a number of Campus Engagement activities – corporate contests, projects, workshops, seminars, and guest talks etc. that benefit a large number of students and also helps in promoting the excellent quality of the batch.

2.2 Pre-Placement Talk – PPT

- 2.2.1** PPT's are a medium wherein the company officials disseminate information regarding their company, the profile, the compensation etc. and clarify the queries of students.

2.3 Internships/Projects

- 2.3.1** The Placement Office makes all efforts to reach out for internships across varied sectors, companies and profiles. Based on ones' interests and capabilities one should seek internships. Choosing the correct company for internships and performing up to the mark is of utmost importance.
- 2.3.2** The Internships are not only a window to the corporate world but also a relationship-building tool for NMIMS. It allows the companies to have a look at the talent at NMIMS, thereby strengthening Final Placements.
- 2.3.3** Internships are an integral part of the curriculum for securing the degree. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the classroom. This experience is of immense use to students to enable them to acclimatize themselves to the intricacies of the corporate world.
- 2.3.4** The project is expected to build on the theoretical learning with practical experience and help students to discover areas of interest and future career options, identify the gaps in their learning, which they can attempt to fill in.

- 2.3.5** Interactions during the internships both with other interns as well as employees help students to understand the expectations/needs of the organisation, the sector in general, to identify the gaps in their learning, in orienting oneself towards the sector and developing the required skill sets to emerge as the most suitable candidate.
- 2.3.6** Internships also hold a special significance as it is an apt mechanism for companies to spot bright talent early. Many companies have structured internship process which is used as a ‘testing ground’ to gain a direct understanding of the skill and ability of students leading to declaration of PPO’s/PPI’s. NMIMS too encourages candidates to work towards such offers that are based on internship performance.
- 2.3.7** Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies and should put in all efforts to convert the internship into an Offer.
- 2.3.8** Internship are monitored, may be evaluated by a faculty guide, with periodic report submissions, evaluations, Viva Voce etc.

2.4 Final Placements

- 2.4.1** Leading companies across sectors aspire to recruit students of NMIMS. Companies devise the eligibility criteria and selection process and have their own set of characteristics or qualities that they look for in a candidate.
- 2.4.2** The process of selection starts with inviting applications based on the eligibility, job description, compensation details etc. shared by the company. The profiles of interested students are shared with the recruiter.
- 2.4.3** The placement process is facilitated by the Placement Team. However, it is the effort of the student that gets him/her selected for the job. Not getting selected in the first few companies should not lead to panic. Students are advised not to switch profiles in anxiety or haste.

Percentage of Marks Obtained	Letter Grade	Grade Point	Performance

70.00 – 79.99	B	8	Good
60.00 – 69.99	C	7	Fair

A student who remains absent for any end semester examination shall be assigned a letter grade of AB and a corresponding grade point of zero. He/she should reappear for the said evaluation/examination in due course.

iii) Semester grade point average (SGPA)

The performance of a student in a semester is indicated by a number called ‘Semester Grade Point Average’ (SGPA). The SGPA is the weighted average of the grade points obtained in all the courses by the student during the semester. For example, if a student takes five courses (Theory/Practical) in a semester with credits C1, C2, C3, C4 and C5 and the student’s grade points in these courses are G1, G2, G3, G4 and G5, respectively, and then students’ SGPA is equal to:

$$\text{SGPA} = \frac{\text{C1G1} + \text{C2G2} + \text{C3G3} + \text{C4G4} + \text{C5G5}}{\text{C1} + \text{C2} + \text{C3} + \text{C4} + \text{C5}}$$

The SGPA is calculated to two decimal points. It should be noted that, the SGPA for any semester shall take into consideration the F and AB grade awarded in that semester. For example if a learner has a F or AB grade in course 4, the SGPA shall then be computed as:

$$\text{SGPA} = \frac{\text{C1G1} + \text{C2G2} + \text{C3G3} + \text{C4* ZERO} + \text{C5G5}}{\text{C1} + \text{C2} + \text{C3} + \text{C4} + \text{C5}}$$

iv) Cumulative Grade Point Average (CGPA)

The CGPA is calculated with the SGPA of all the VIII semesters to two decimal points and is indicated in final grade report card/final transcript showing the grades of all VIII semesters and their courses. The CGPA shall reflect the failed status in case of F grade(s), till the course(s) is/are passed. When the course(s) is/are passed by obtaining a pass grade on subsequent examination(s) the CGPA shall only reflect the new grade and not the fail grades earned earlier. The CGPA is calculated as:

$$\text{CGPA} = \frac{\text{C1S1} + \text{C2S2} + \text{C3S3} + \text{C4S4} + \text{C5S5} + \text{C6S6} + \text{C7S7} + \text{C8S8}}{\text{C1} + \text{C2} + \text{C3} + \text{C4} + \text{C5} + \text{C6} + \text{C7} + \text{C8}}$$

where C1, C2, C3, is the total number of credits for semester I,II,III., and S1,S2, S3,.is the SGPA of semester I,II,III.,

v) Declaration of class

The class shall be awarded on the basis of CGPA as follows:
